TO: Team Leaders in RMIBs 1-5
Pesticide Re-Evaluation Division (7508P)

As permitted by Delegation 5-1-B (September 29, 1986), the Assistant Administrator for Pesticides and Toxic Substances¹ on August 3, 1988 delegated to the Director of the Office of Pesticide Programs (OPP) the authority to take certain actions necessary for amending and approving existing registrations of pesticides pursuant to section 3 of the Federal Insecticide, Fungicide, and Rodenticide Act. The Director of OPP on March 25, 2020 redelegated the authority to perform some of these functions to the Director of the Pesticide Re-Evaluation Division.

¹ Delegation 5-1-B was updated on 5/11/1994 to change the name of the office from Office of Pesticides and Toxic Substances to the Office of Chemical Safety and Pollution Prevention.

As permitted by this delegation and with the limitations specified therein, I hereby redelegate to you, the Team Leaders of RMIB1, RMIB2, RMIB3, RMIB4, and RMIB5, the authority to perform the functions and duties authorized in section 3 of FIFRA, as described below:

- the authority to
 - To approve or deny amendments to currently registered products;
 - To determine the acceptability of data for existing registrations, as part of the registration review process, to waive data requirements where significant regulatory or environmental impact is not involved, and to determine the acceptability of labeling.

In exercising these authorities, you should coordinate with the Office of General Counsel. I also ask that you inform me of any significant issues that appear to be developing as a result of implementing these functions, or generally in exercising this authority. Any redelegation of this authority does not divest the official making the redelegation from the power to exercise this authority. An official who delegates authority may still exercise the authority or revoke such redelegation at any time, and without written notification or explanation.

Should you or your staff have any questions about this redelegation or related expectations in implementing it, please contact the OCSPP delegations coordinator, the Director of Regulatory Coordination, Angela Hofmann, at (202) 564-0258 (hofmann.angela@epa.gov).
